The reception was grand.

LONDON, October 2.—There was a fight at Cork, on Sunday, between the police and supposed Fenians. Shots were exchanged, and one policeman wounded. Three arrests were made.

The bark Sorelle went ashore during the late gale. Six rescued, four starved to death in the rigging, and four were drowned. The ship Mount Sinai was burned at sea. The recent gale extended to the continent, damaging the crops and vineyards and prostrating the telegraphs.

Nearly 200 firms had goods stored in the warehouse, valued at \$800,000. The part of the building used as a bonded warehouse, containing \$3,000,000 worth of goods, escaped, by reason of a large fire wall. There is an aggregate insurance of \$700,000 on the goods destroyed. Loss of building \$50,000. One man was burned to death, and it is feared three others perished. Several firemen were injured.

RICHMOND, Va., October 2.—A bill for injunction against the Virginia and Tennessee Railroad Company and its President, General Mahone, was filed this morning in the United States Circuit Court, by Jas. E. Lison, of Baltimore, a non-resident stockholder, charging the consolidation of that road with others to be illegal and unconstitutional; and that the President and officers propose to issue bonds for \$8,000,000, securing the same upon the consolidated roads and their earnings, including the Virginia and Tennessee, South-side and Norfolk and Petersburg Roads, under the name of the Atlantic, Mississippi and Ohio Railroad Company. The bill charges that any such use of said roads

and property is illegal and destructive of the rights of stockholders, as is the carrying on of the consolidation act in other respects. The bill, therefore, prays for an injunction against any act to carry out such consolidation, and especially the issuing and selling of bonds, and securing the same by a lien upon the stock. Judge Bond has passed an order for hearing the motion for injunction on the 20th instant, which, by practice of the court, operates as a restraining order until the hearing.

"Motte's Victoria Tonic Bitters."

ENTIRELY VEGETABLE.

For the cure of Dyspepsia, Acute and Chronic, Bilious Disorders, Nervous Debility, and all Impurities of the Blood.

THESE BITTERS have now firmly established themselves in the favor of the public and the medical profession. Prepared from purely vegetable ingredients of acknowledged efficacy, their unrivaled and highly tonic, stimulating and prophylactic qualities peculiarly adapt them to all cases of General Debility, Nervous Prostration of the System, &c.

As an excitant of the appetite and a wholesome aid to the process of digestion, they will be found to be very efficacious, while their peculiar medical properties render them of unequalled value to those subject to Chills and Fever, Congestion, and other miasmatic diseases.

These Bitters will be found most wonderfully beneficial in all cases of Debility and Irregularities of Females. Wherever introduced, they become a standard article—a medicinal staple. Unlike the many noxious stimulants advertised, they brace and fortify the system without exciting undue cerebral action. They are without doubt the best tonic and constitutional renovator ever offered to the public.
